

## FIGURES MISLEADING

# School Budget Figures Show Costs Way Up

Palm Springs school district residents today took a second look at the preliminary 1957-58 school budget and discovered that costs have soared to a record high of \$510 per student, an increase of more than \$70 above the average pupil cost last year.

The figure, representing expenses computed for each pupil in average daily attendance, was viewed with surprise since the public had been informed that costs for the past years were rated below the 1954-55 cost level.

**MEMBERS OF THE Board of Education** last week approved a draft of a preliminary budget calling for \$1,828,916, as recommended by Schools Supt. Wallace Muelder.

In presenting the budget, Muelder said he envisioned little, if any, increase in school taxes during the next year. He stressed the fact that the fiscal year completed June 30 ended with costs 3.2 per cent below those of 1954-55. The superintendent stated that "for the second straight year, unit student costs of current expense are below the 1954-55 level of \$450.93," despite a "substantial increase" in salaries and wages. Muelder attributed the lowered costs to "careful budgeting and diligent administration."

**RE-APPRAISAL OF** the budget draft disclosed the heretofore unmentioned fact that expenses anticipated, per average daily attendance, for the forthcoming year are \$510.34.

This figure represents an increase of \$73.74 over last year's pupil cost of \$436.60.

Quered about the difference, Muelder noted that employee salary increases already granted and proposed salaries for 25 new employees would almost account for the increase.

**THE PROPOSED** budget includes apportionment of \$1,006,383 for salaries alone. Salaries of certificated and administrative

personnel account for \$351.39 of the average cost per student.

Muelder said the employment of new teachers is planned to reduce the size of individual classes. However, he noted, additional space will be required to house the classes added by the division.

He told the board that classes in three schools will be conducted on auditorium stages, while others will be taught in rooms not originally intended for classroom instruction.

**MUELDER SAID** he expected an enrollment next fall of 3,145 students in the entire Palm Springs Unified School District. On the surface, using gross student enrollment and budgetary figures, the average cost per student would be \$381. However, Muelder explained that school costs are determined on the basis of recurring costs.

Student cost figures are arrived at by net figures, computing expenses for administration, salaries for instruction, auxiliary services, operation of school plants, maintenance of school plants, fixed charges and pupil transportation, on an average daily attendance figure, Muelder explained.

**REMAINING BUDGET** expenditures cover non-recurring costs, such as community services and capital outlay, covering such items as land acquisition, insurance premiums and the like.

Muelder also noted that cash reserves are also included in the total budget figure, as are federal and state aid funds. However, he said state funds expected for the next year are far below the level anticipated, thereby increasing the subsidy of the school district.

## Record Crowd Expected At July 4 Fireworks Show

A record attendance today was predicted for the annual JayCee sponsored Fourth of July Fireworks Show at the Polo Grounds tomorrow night.

Ted Land, chairman, said that interest expressed by local and area residents, along with visitors, indicated that the crowd would exceed the 4,000 persons who attended the 1956 event.

**IN ANTICIPATION** of the large crowd, the committee in charge has purchased \$1,000 worth of fireworks, for the most impressive program ever presented. The presentation is spearheaded by the JayCees, with various Village service clubs aiding financially.

The program will officially start at 8:45 p.m., with the bringing in of the Colors by the American Legion and Veterans of Foreign Wars Color Guards. Mayor Florian Boyd will give a welcoming address, followed by the invocation.

## Fatheree to Face Assault Trial in Superior Court

Charged with wounding a Village woman in a quarrel ended by gunfire, Alonzo Fatheree, 31, today faces Superior Court action on a felony court of assault with a deadly weapon.

The lanky, ex-convict, who claimed he didn't fire the shot that wounded Mrs. Ozell Berry, of 467½ East Arenas Road, was ordered bound over to Superior Court by Judge Eugene Theriault.

Mrs. Berry, 31, told police the shooting took place at her home last week when, she alleged, Fatheree came to her house and demanded money. She said she was wounded in the left shoulder when she refused the demand.

Fatheree denied the charge, stating that the gun was held by Mrs. Berry and went off when he tried to knock it from her hand.

## Salton Sea Drop Normal for June

**IMPERIAL**—The level of the Salton Sea as of the first of the month was 234.5 feet below sea level, compared to 233.95 feet on July 1, 1956, the Imperial Valley Irrigation District reported today.

A. J. Boles, chief engineer for the district, said the drop was normal in view of summer heat.

He said that in summer months the rate of evaporation exceeded inflow. He also noted that last month was the hottest June since 1924 locally.

## THE WEATHER

Desert area forecast: Some high cloudiness at times but mostly sunny today and Thursday. Continued hot. Highs today 95-105 upper valleys, 105-115 lower valleys.

Yesterday's high was 112; low, 69.

# Pravda Hints of Major Shakeup Among Russian Party Leadership

## Ike Opposes Referendum On Rights Bill

Says Constitution Sets Responsibility On Federal Officials

**WASHINGTON**—President Eisenhower today opposed a national referendum on his proposed civil rights program.

Eisenhower told a news conference that he does not know of any provision under the Constitution for such a referendum. He also said he presumes that the question submitted to the people would have to be the exact language of the bill.

**EISENHOWER SAID** he did not think that would make a very good subject for a referendum. The idea of putting the administration's civil rights bill to a national referendum was advanced Tuesday by Sen. Richard B. Russell (D-Ga.), leader of the southern bloc opposing the bill.

Eisenhower noted that the Constitution places responsibilities for enacting legislation into law on federal officials, obviously meaning Congress and the executive branch of the federal government.

**IN OTHER NEWS** conference highlights, Eisenhower:

Proposed inviting all foreign countries, including Russia, to send representatives to the next U.S. nuclear test to find out with their own instruments the size of nuclear weapons this country is testing and how "clean" they are.

Said he does not have the exact detailed knowledge necessary to make a judgment on whether the recent steel price increase of \$6 a ton was fully warranted.

Denied that he is any less enthusiastic about disarmament, including suspension of nuclear tests, since he found out that scientists believe they can produce an absolutely clean hydrogen bomb with four or five more years of testing.

## AEC Postpones July 4 Giant Firecracker

**LAS VEGAS**—The Atomic Energy Commission today postponed for 24 hours a scheduled Fourth of July "firecracker" detonation of an atomic device on the Nevada Proving Grounds.

The "Hood" shot, slated to be the largest nuclear blast ever set off in the continental United States, was to have been held coincidentally on the Independence Day holiday, but the AEC said a dry run started Tuesday night showed that speed recording equipment was not working.

## 102 Hours Of Fun, Pain, Death Start

Safety Council Predicts 535 To Die on Roads

**By UNITED PRESS.** A mass exodus of Americans began today with an estimated 45 million cars hitting the highways for a long Fourth of July holiday weekend of fun for some and, inevitably, pain and tragedy for others.

Despite the best efforts of law enforcement agencies and safety-conscious motorists, at least 400 and possibly more than 500 holiday travelers are marked for death on the highways.

**OTHER HOLIDAY** celebrants will reach their destinations safely only to join the long fatality list in drownings at crowded beaches and resorts. Still more will be killed in airplane and miscellaneous accidents.

Added to this will be the uncounted toll of injured in traffic wrecks and the anticipated more than one million dollars lost in property damage.

The National Safety Council estimates there will be one traffic smashup for every 20 miles of highway travel during the four-day weekend.

**THE 102-HOUR** holiday period begins at 6 p.m., local time, today and ends at midnight Sunday.

The council figures these accidents will kill 535 persons, or 70 more than the 465 who would die in traffic during a non-holiday period of the same length in early July.

Law enforcement agencies again planned an all-out assault on reckless motorists, and FBI Chief J. Edgar Hoover added a warning against picking up hitchhikers.

"Offering a ride to a stranger, like passing on a hill or a curve, is a dangerous, blind gamble," said Hoover in the FBI's Law Enforcement Bulletin.

## Burbank Fire Is Controlled

**BURBANK**—Fire raged over 200 acres of brushland and forced evacuation of 25 families from Sunset Canyon today before the flames were confined.

Fire Chief William J. Taylor said the brush fire was fought by 150 men of 14 fire companies from Burbank, Glendale and Los Angeles County. He said that before it was confined this morning, it had burned out of control along the canyon ridge. Flames came to within 500 yards of some homes.

INDIAN LAND APPRAISAL projects were launched today by real estate consultants Harry R. Fenton, second from left, and Emmett J. McKanna Jr., shown with Walter Brune, left, Palm Springs Bureau of Indian Affairs administrative officer, and Hal Evans, right, of Gannon Realty. A team of five men from Fenton's consultant firm will conduct the appraisal of Indian lands and meet with area real estate and businessmen. The survey is expected to continue until Christmas. (Desert Sun Photo).

## Carrier Fire Claims Four Lives Today

**MARSEILLES, France**—A huge fire broke out on the 40,000-ton U.S. aircraft carrier Lake Champlain here today. Four persons, three of them crew members and one a French dock worker, were reported killed.

The Lake Champlain and two destroyers arrived here at 8 a.m. today from Italian waters for a 13-day visit to this Mediterranean port. Ninety minutes after its arrival it began unloading automobiles onto launches which were to carry them to land.

**FIRE BROKE** out in one of the launches and quickly spread to the after end of the carrier. Smoke rose several thousand feet into the air while spilled gasoline began flaming on the water itself.

French fireboats came to the carrier's assistance and put out the fire which lasted from 8:30 a.m. to 11:05 a.m.

**THE BODIES** of the four were discovered when the fire was put out. Their identities were not immediately known.

Fire fighters from U.S. destroyers aided the French fireboats. Actual damage to the carrier itself was light and the main blaze was confined to the launches.

Ten cars and two buses were badly damaged.

## Top Real Estate Consultants Start Indian Lands Appraisal

A team of real estate consultants today launched a six-month appraisal project designed to establish the worth of Palm Springs Indian lands.

The firm of Harry R. Fenton and Associates, of Seattle, Wash., was assigned the task of appraising the Indian property by the Palm Springs area office of the Bureau of Indian Affairs, on behalf of the Agua Caliente Band of Mission Indians.

**SPEARHEADED** by Fenton, the consulting team will evaluate tribal lands, on the basis of the current real estate market, in a project expected to continue until Christmas.

"Our job is to see exactly what the tribe has, what it's worth and what they should do with it," Fenton said today.

Fenton stressed the point that his is an independent appraisal firm, planning to "start off fresh, without bias or prejudice."

**IN CONDUCTING** their survey, Fenton's men will interview "all informed parties," such as local

## Nature, Humans Cause Trouble For Calectric

Nature and mankind unhappily joined forces yesterday to make life difficult for trouble shooters of California Power and Electric Company here.

Frances Crocker, Calectric district manager, said the trouble started yesterday morning when a palm tree collapsed across a power line at Rancho Blanca Date Garden, near the Wonder Palms Hotel.

Linemen had hardly restored service in the area when power in Cathedral City blinked out. This time man was responsible.

Crocker said a truck rolled loose on Terrace Drive, up at Cathedral Canyon. The vehicle sped down the hill, sheared off a power pole and narrowly missed a crew of workmen nearby.

## Fire Put Out By Watermelons

**TAIPEI, Formosa**—Civic officials praised Taipei firemen today for quick thinking.

Hampered by a water shortage at a warehouse fire, the resourceful fire fighters threw hundreds of nearby watermelons into the flames to bring the fire under control.

## Scott Enters Innocent Plea

**LOS ANGELES**—L. Ewing Scott, 61, pleaded innocent to charges of murder, grand theft and forgery arising from the disappearance of his wife, Evelyn.

## No Names Given by Red Newspaper

Demands Unity Among Leaders; Reviews Trouble

**LONDON**—The Soviet Communist party newspaper, Pravda, hinted today that a major shakeup may have taken place in the Kremlin leadership.

The indication of trouble in Moscow came in a Pravda editorial which made a firm demand for "unshakeable unity" among Soviet leaders. It particularly referred to past errors attributed to former Premier Georgi Malenkov and former Foreign Minister V. M. Molotov, but it mentioned no names.

**MALENKOV SUCCEEDED** the late Josef Stalin as premier. Both he and Molotov have been advocates of continuing the Stalin policies denounced by the Kremlin group led by Communist party boss Nikita Khrushchev and present Premier Nikolai Bulganin.

This week Bulganin and Khrushchev suddenly postponed a trip to Prague Czechoslovakia, scheduled to start last Monday. It now is supposed to begin July 8.

**A MOSCOW DISPATCH** reporting the Pravda editorial underwent unusual delays at the hands of Soviet censors. The Moscow censor broke the connection when United Press in London attempted to call the U.P. bureau in the Soviet capital.

"There are not and there can not be individuals in the party who by virtue of their highposts would be protected from criticism of their mistakes and insufficiencies," Pravda said.

"The Central Committee boldly discusses and criticizes any leaders of the party and government regardless of who they are if they commit errors in their work."

"And the Central Committee takes decisive measures against any individuals if their actions and deeds contradict the party's line."

## Palm Desert 'Fun Fair' Set For Thursday

Palm Desert residents plan to greet July 4 in time-honored tradition Thursday with a full-day "Fun Fair" program, featuring everything from fireworks to dancing at Shadow Mountain Club.

Even a band concert was scheduled today for the festivities which the Chamber of Commerce will launch at noon.

Olympic diving champions Lyle and Vickie Draves will stage an aquatic exhibition at 3 p.m., followed by a band concert, variety show, a fireworks display and a square dance.

Games for children, motorboat rides on the club pool and donkey rides on the club grounds are added to the afternoon schedule. The club will also serve up a chicken-in-the-basket dinner.

## Late News Bulletins

**DOW-JONES** 2 p. m. Stock Averages—30 Industrials 512.37, up 4.82; 20 railroads 147.71, up 0.71; 15 utilities 71.01, up 0.25, and 65 stocks 176.52, up 1.30.

**LOS ANGELES UP**—Union and employer representatives deadlocked with no formal negotiations in sight today as plumbers, hod carriers and sheet metal workers—about 30,000 strong—remained off their jobs in Southern California.

**BY UNITED PRESS**—Floodwaters raged across sections of Southern Nebraska, Kansas and the St. Louis, Mo., area today, forcing hundreds of persons to flee and blocking roads to holiday travel.

**KIDS 'N PUP DOGS** make for a hectic afternoon for assistant humane officer Don Decker. But a good time was had by all, including Decker, the youngsters and their canine pals when two Village families visited the city animal shelter to view the half-dozen pups confined in shelter pens. The dogs, all certified for adoption by an accredited veterinarian, are earmarked for death unless they're claimed by owners or prospective owners. Youngsters enjoying a romp with these playful pups were Debbie Kindy, standing, and, seated, left to right, Mike Sims, Lori Sims, Vicki Kindy and Rusty Sims. (Desert Sun Photo).

## County Tax Rate Increase Is Predicted

Although no county official would come out and say so, it seemed probable this week that last year's county tax rate of \$1.54 will be upped this year. The tax rate will not be determined until some time in August.

The board of supervisors approved the preliminary budget for the 1957-58 fiscal year which commenced July 1, with a budget totaling in excess of \$27,000,000 (including bond monies).

**NUMEROUS CHANGES** were made in the preliminary budget this week before its adoption, including an increase of \$500,000 for building. An error in figuring interest on the hospital bonds reduced the budget in an amount of \$40,500. A further reduction of \$100,000 was effected when the unappropriated reserve fund was reduced from \$300,000 to \$200,000.

Late Monday the auditing department was hard at work determining as far as possible the amount of revenues which might be anticipated. The closest available figure at that time was \$18,000,000 including an estimated \$650,000 for the new county sales tax.

**THE 1957 TOTAL** assessment roll was revealed by County Assessor Frank Burchfield to be \$415,316,850, an amount \$48,471,750 above the 1956 figure.

Many changes may be expected in present figures before the final tax to raise \$44,000 this year, it is the basis of present figures and an estimate by County Auditor Ray Hicks that it will take one cent tax to raise \$44,000 this year, it seems safe to guess that a higher tax rate is likely.

The preliminary budget was approved by a three to two vote, with Supervisors William Jones and Fred McCall dissenting.

The Mason-Dixon line was named after Charles Mason and Jeremiah Dixon, British astronomers whose calculations were used in determining the boundaries between colonial Maryland and Pennsylvania.

Wearing leis presented by the Jensen, Mr. and Mrs. Carter boarded a four-engine Transocean Airlines plane, with a large group of Palm Springs residents, for a non-stop trip to Honolulu. The tour, a special eight-day package plan for Coachella Valley, was arranged by Transocean and the Olman Travel Service here. (Desert Sun Photo).

## Valley District Concerned Over Road Conditions

Alleviation of conditions on the highway between Thousand Palms and Whitewater which are occasioned by strong winds which move and carry great quantities of dust, sand and soil, was urged this week by the board of directors of the Coachella Valley Soil Conservation District.

The request was referred to the road department for study and recommendation.

The directors said the blowing sand obscures visibility, from time to time forcing the temporary closing of the highway (60-70-90) to traffic, thereby creating a burden of maintenance upon the state department of public highways and the Southern Pacific Company whose railroad tracks parallel the highway.

In addition to the traffic problem and dangerous traffic hazard, the blowing soil is posing a serious erosion problem, according to the soil conservation district directors, and the entire Coachella Valley is affected by heavy damage to agriculture, business, commercial and domestic interests.

"We feel many things could be done to alleviate this problem which was heightened by the construction of the new freeway," declared the soil conservation group.

## Mount Merapi Threatens Village

**JAKARTA, Indonesia** (AP)—Mount Merapi, Indonesia's most dangerous volcano, spewed out tons of hot ash and lava this week, forcing the evacuation of 4,000 villagers, reports from central Java said today.

The delayed reports said Marap rained ash on Magelang City, covering trees and buildings with a thick coat of black cinders. Streams of lava spilled into nearby rivers, the reports said.

## Health Authorities Hope For Light Year for Polio

By LOUIS CASSELS

**WASHINGTON** (AP)—Health authorities said today there is every reason to hope that this will be a light year for polio. But it is still too early to be sure.

The polio season is just now getting under way. The number of cases usually climbs steadily from late June until August or September.

So far this year, there have been only about half as many polio cases as there were during the same period of 1956—and 1956 was itself a light year by comparison with the pre-Salk vaccine era.

**PUBLIC HEALTH** Service figures published last week showed 1,038 polio cases reported through the 23 weeks ending June 8, compared with 2,040 during the same period last year.

A spokesman said the figures "are not very significant" this early in the season. Some of the worst epidemics have begun in July or August after a comparatively slow start.

The main reason for hoping that this year's record will continue to be good, he said, is that nearly three-fourths of the people in the most susceptible group have received some degree of protection from Salk vaccine.

**BY JUNE 1**, 65,000,000 Americans had received one or more Salk shots. Nine million of these were vaccinated during April and May.

Polio strikes hardest among youths under 20 and among pregnant women. There are 67,000,000 people in this group, and 54,000,000 of them have had one or more shots.

Although polio incidence declines above age 20, it continues to be a substantial threat to all ages below 40. Only 11,000,000 of the 42,000,000 Americans other than pregnant women between the ages of 20 and 40 have received shots.

**THE AMERICAN** Medical Assn. and other health groups launched a nationwide drive last February to vaccinate everyone under 40. The response far exceeded expectations.

Within a few weeks, the "get vaccinated" campaign had stimulated such a heavy demand for vaccine that a backlog of 28,000-

000 shots, built up during the winter, was exhausted.

My March 30, there was an acute nationwide shortage, and Surgeon General LeRoy H. Burney called an emergency conference to consider rationing. At that time, the national inventory of Salk shots stood at 3,200,000 doses—the lowest since the vaccine was released for use in 1955.

**THE MARCH 30** conference decided to soft-pedal mass vaccination programs for adults until fall. In the meantime, communities were urged to give priority to young people under 20 and pregnant women. With these adjustments, it was felt that no return to voluntary rationing was necessary.

Time seems to have vindicated this decision. Despite widespread vaccination programs for school children during the past two months, supplies have held up well. By mid-June, the national inventory was 9,200,000 shots, an increase of six million since March 30.

With manufacturers scheduled to release about 20 million more shots during July, health officials believe that supplies will be ample to meet all demands during the summer—unless an unexpected severe epidemic should develop.

## Henpecked Husbands, Inc., Give Up, Dissolve Group

**SPRINGFIELD, Ill.** (AP)—Scored one for the ladies in the battle of the sexes. The "Henpecked Husbands Association, Inc." has quit, thrown in the towel, left the battlefield.

The association was formed and legally incorporated here about three years ago to "set an example to all married males that will allow husbands to rededicate themselves to the principles of liberty and free speech."

**THE BASIC AIM** of the group, as outlined in the articles of incorporation, was to "outlaw nagging, unreasonable demands for explanations of husbands' spare time, breath smelling and examination of husbands' apparel for powder, lipstick and blonde tresses."

But alas, a certificate to dissolve the association has been

## TV Viewers Given Defense On Commercials

By DELOS SMITH

**UNITED PRESS SCIENCE EDITOR**  
**NEW YORK** (AP)—A new, workable defense for TV viewers against boring TV commercials and tedious TV performers is to conduct a scientific experiment while waiting for the horrors to exhaust themselves.

You don't have to be a scientist to conduct this experiment. You just sit here in the dark room, directing a steady stare—not at the brightly lighted screen, but a foot to the left of the screen.

Then you jerk your eyeballs rapidly to the right, in a sort of twitching movement. This "twitches" your vision rapidly across the screen, and the twitch should be halted abruptly a foot to the screen's right.

**EXECUTE THIS** maneuver correctly and you'll discover you've brushed an image off the screen and suspended it in thin air to the right of the set. It stays there only a few thousandths of a second, but it is there.

That's the beginner's experiment. As you get good at it, you can start your twitching arc farther to the left of the screen and end it farther from the right. Then you can suspend as many as four images in a row.

This is a TV viewer's defense which now is being tried out by a growing number of scientists. They got the idea from an English colleague, T. G. Crookes, who both originated it and worked out the science of it.

**THE PHENOMENON** is not new, of course. If you look at a lighted picture in a dark room or at a movie in a dark theater and jerk your eyes away, your retinas will retain, for a flash of time, blurred, streaks of light.

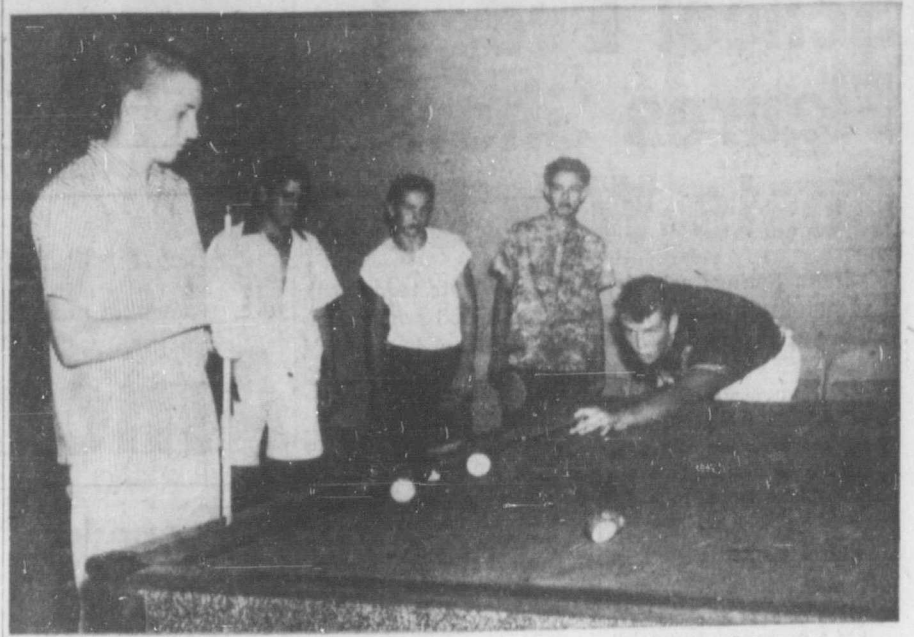

It is blurred light because the lighted picture comes upon the retinas all at one time, and so do the individual "frames" in the film of the movie but the "frames" of TV reproduction do not come onto the screen as whole.

**"THE 'FRAMES'"** form top to bottom with a speed which the eyes are incapable of detecting, of course. The speed of the twitching eye when co-ordinated with the speed of the forming "frame" brushes the intact "frame" off the screen and hangs it in the air.

Crookes found that the best distance from the TV for the experiment was six feet. At a closer distance, the string of suspended images, overlap. At six feet, they are separated with spaces between.

## Exchange Club Organized, Bergeron Named President

Organization of the Exchange Club of Palm Springs has been effected here with the election of Eugene O. Bergeron as president.

The club is operating under authority of The National Exchange Club, oldest and largest of service clubs in the national field, until such time as it is formally chartered. It meets every Thursday at 12:15 at Hotel Del Tahquitz.

Serving on the executive membership committee are Roger E. Richards, Edward Barry, Manny Strand and Eugene Bergeron.

**THE NEW CLUB** is one of more than 1,500 Exchange Clubs located in the principal cities and towns of every state in the nation. As its slogan "Unity for Service" implies, the club is an organization of business and professional men, designed to encourage the exchange of ideas, plans, and methods of promoting the general welfare.

Through the club, the individual members collectively exchange their combined efforts in return for an improved community and a stronger nation. It is strictly national in scope and therefore purely American in its aims and objectives.

**DESCRIBING THE** new club, President Bergeron said: "Exchange Clubs provide members with an opportunity to serve . . .

and to learn . . . and to enjoy good fellowship. Meetings are devoted to listening to instructive talks, planning projects for the community, or enjoying wholesome programs of entertainment."

Although club projects are undertaken on the basis of local needs, The National Exchange Club—fountainhead of functional source material—makes available a comprehensive program of education to every local Exchange Club. This flexible program is all-inclusive, and adaptable to every American community.

## Palm Desert

By GRETCHEN CHEESEMAN

Mrs. Betty Ring spent a week's vacation at Oakcreek Canyon, Ariz. From there she went to Scottsdale, visiting the Blades, Ned and Doty, thence to Balboa for a weekend.

The "Fun-Fair" is really going to be the highlight party of the summer July 4 at Shadow Mountain Club. As this affair is to be open to the public it should attract large crowds—given under the auspices of and for the benefit of the Palm Desert Chamber of Commerce, everyone in the community is working hard toward its success.

A large group of young married folk had a no-host barbecue last Saturday night around the pool at Shadow Mountain Club. Wet bathing suits were the attire for the evening. Shadow Mountain Club will be open July and August with swimming, snack-bar and movies.

Mr. and Mrs. Tom Brown are back home after spending some

time in the Mid-west. Tom was fishing and Marge visited friends.

A card from the Boynton Jones who are attending the International Lions Convention in San Francisco, announced that it was as warm as Palm Desert up there. The Jones are staying at the new Villa Hotel in San Mateo, and expect to be home this week.

Mrs. Dorothy Berribe, of Chisholm, Maine, arrived here a few days ago and will live here permanently with her sister, Mrs. Vera Gordon. Mrs. Gordon's nephew, Robert Britto, of Fairhaven, Mass., will spend the summer here with his aunt.

Frank Constant, maitre d' hotel at Shadow Mountain Club for many years, is spending the summer at Topaz Lodge, on Lake Tahoe.

Mr. and Mrs. Cowling (Sam and Susie) manage to get away for a few weekends.

## Forestry Officials Appeal for Fire Caution Vacationers

A joint appeal made today by State Forester Francis H. Raymond and Regional Forester Charles A. Connaughton cautions the vacationing public of critical fire hazard and need for extra care with any fire in forests and rangeland areas in this area. "The past two weeks of hot dry weather has hastened development of mid-summer critical forest fire danger throughout the State. Spring rains gave us a lush growth of annual grasses

which now are masses of dry flash fuels. Several large fires have occurred during the past few weeks. However, numbers of fires to date are slightly less than last year at this time. Increased public cooperation in care with fire is the only way that numbers of man-caused fires can be held down," the Foresters said. A record-breaking number of vacationists are expected to seek the enjoyment and relaxation that the San Jacinto, San Geronimo and San Bernardino mountain vacation lands offer during the July 4 weekend. Extra caution is necessary as each visitor is a potential risk. Each must guard against the moment of carelessness that can destroy a forest. Foresters Raymond and Connaughton said their respective fire fighting organizations which provide fire protection for more than half the area of the State are manned and equipped for fast attack on any fires that do occur.

The aerial tanker squadron of Stearman bi-planes has been increased to nine and are now radio equipped for increased effectiveness and safety. They are ready to move to any part of the State to assist ground forces in quick control. At least five larger air tankers (converted Navy Torpedo bombers) are to be added to the air attack forces within the next month.

**PALM SPRINGS COMMUNITY TELEVISION CORP.**

191 S. INDIAN AVENUE, PALM SPRINGS

**SAFEWAY**  
Imagine! Barbecue Steaks for only 49¢ a pound!  
**BAR-B-CHUCK\***

**How to marinate chuck steaks for added flavor, tenderness**  
2 1/2 to 3-lb. of meat: 1 tsp. rosemary  
1 cup salad oil 1/2 tsp. basil  
1/2 cup chopped onion 1/2 tsp. pepper  
1/2 cup vinegar 1 or 2 cloves garlic, crushed  
1 teaspoon salt  
Combine all ingredients; mix well and pour over steaks. Let stand over night, or at least 3 hours. Broil steaks 4 to 5 inches from heat for 15 minutes. Turn, baste with marinade and broil 10 to 15 minutes more. Or cook on grill over hot coals to desired doneness; basting frequently with remaining marinade. Tenderizer used before marinating further improves meat.

**SAFEWAY COUPON**  
**EDWARD'S VACUUM PACKED DRIP, REGULAR or FINE COFFEE** 1-lb. Can **79¢**  
WITH THIS COUPON AT SAFEWAY  
Offer good July 4, 5, 6, 1957 except in San Diego or Imperial counties.  
Cash value of coupon 1/20th of 1¢.  
Limit one coupon per customer.

### THE ACTING PRESIDENT

(West Point (Miss.) Times Leader)

Since the American people discounted the health of President Eisenhower as an issue in the campaign last fall, and reelected him by an overwhelming popular majority for a second term, the question of a constitutional amendment to clarify the succession in case of disability has lain dormant. But not with Eisenhower himself. Apparently, it has remained very much on his mind, probably because his lifelong training as a military man makes the duty of providing a commander to take over in case of mishap a paramount one to him.

It is recalled that after his heart attack and before his major operation for ileitis—the two occasions that hospitalized him and rendered him unable to discharge the full duties of his office in his first term — President Eisenhower publicly stated his interest in an amendment that would resolve this question. Congress held hearings which produced conflicting counsel. The campaign came along and further hearings were put aside as perhaps prejudicing the election.

All the time, however, the Department of Justice was studying the matter at the President's behest. A proposed amendment has been submitted. It has become known, to the President. It is one of the more important papers he has carefully considered on his slow boat trip to Bermuda, in search of sunshine to bake out a stubborn cough. The general outlines of the proposed amendment have become known.

It would authorize the President himself to declare his inability to transact the powers and duties of his office and to summon the Vice President, invest him with the title of Acting President, and delegate to him the powers and duties of the Chief Executive. The President would, when he felt able to resume the office, be empowered to do so at his own will. The Vice President would not at any time hold the office of President, but only of Acting President.

## HOLMES ALEXANDER:

### Michigan Marches on Wisconsin

DETROIT, Mich.—Had Senator Joe McCarthy lived, there's no doubt that his reelection battle in Wisconsin would have had significance far beyond the local issues and personalities. Now that McCarthy is dead, the special election to fill his Senate seat is still one that overflows its political confines as a State action.

McCarthy alive was the blood-fueled enemy of World Communism and ironically, of the anti-Communist cult among us. With McCarthy dead, his empty seat has become a glittering prize for another world movement. I mean the universal Labor movement which in America is a wing of the Democratic party.

**THE DEMO-LABORITES** have their spiritual headquarters here in Detroit where Walter Reuther rules as President of the United Auto Workers and Vice President of the combined AFL-CIO. The Demo-Laborites have their chief exhibit in Michigan Governor G. Mennen (Soapy) Williams, a five-term and seemingly a life in that office so long as he remains in CIO captivity.

The Williams legend is formidable. Yesterday at the Statler Hotel in Detroit I stopped at the transportation desk to pick up a ticket. "Hi, Soapy," said somebody in the crowd. The Governor and I are nothing alike. He is much taller, darker and handsomer. But that morning it happened that I was wearing a green bowtie with white polka dots. The dotted bowtie in Michigan means Soapy Williams. In fact, the tie now wears the man behind it. The symbol has become bigger than the man.

**THE WILLIAMS** symbol, which in this part of the country is a Laborite party symbol, does not confine itself to Michigan. The Governor himself is a perpetual candidate for President, and for

dent and in that capacity he would discharge the powers and duties of the presidency.

During his two illnesses, President Eisenhower delegated to Vice President Nixon the duty of presiding at meetings of the Cabinet and of the National Security Council. But the day-to-day affairs of the Government were handled by the White House staff under the direction of The Assistant to the President, Sherman Adams, the former Governor of New Hampshire, in the name of the President.

Should President Eisenhower present the constitutional amendment drafted by Attorney Herbert Brownell Jr., to the Congress, it is bound to reopen the whole question again. It does not go the whole way to solving the ambiguity of the constitutional government during the President's disability. If enacted by the current session of Congress, it could be ratified by two-thirds of the states and become law a year thereafter. It would lift a load off the President's mind and allay the fears of others who have said little about his health since the election.

### WHEN IS MONEY TIGHT?

(Wytheville (Virginia) S.W. Virginia Enterprise)

Asked recently what might be done to ease the repressive effects of the Federal Reserve Board's tight-money policy on home building and home buyers, Vice Chairman C. Canby Balderston replied: "Housing is a postponable item."

This cavalier attitude toward a 20-billion dollar a year industry and the millions of families who want and need housing, raises some questions — to which, we believe, the American people deserve straightforward answers...

The blunt fact is that housing, and particularly low-cost housing, is the only segment of our economy which is being "postponed" by tight money. And it is time for a re-examination of the Board's policy, its overall effectiveness and the fairness of its application to borrowers at every economic level — when the American family can borrow for a Caribbean pleasure cruise, but not for a VA-insured home!

several years the Demo-Laborite party has been clutching for national power. What hasn't yet been elsewhere reported, I think, is that the special, off-year election in Wisconsin offers a test of power for Soapy Williams and the Michigan Laborites.

Some background is necessary here. For the past few years Governor Williams has been "at war" with former Wisconsin Governor Walter Kohler over the extradition case of one John Gurnea, a Michigan unionist who is wanted by the Wisconsin police for alleged assault. Governor Williams has refused extradition on grounds that a labor unionist cannot get a fair trial in Wisconsin.

**FORMER GOVERNOR** Kohler, today a Republican primary election aspirant for McCarthy's Senate seat, has publicly disputed and denounced this slur upon his State and its ability to dispense law and justice. This is a quarrel in fundamentals. It concerns two neighboring States and the sovereignty of each. It brings into personal conflict two personable and ambitious young men, one a Republican and the other a Demo-Laborite. It poses two incompatible concepts of government, one relatively conservative and the other radically reformist.

**ALTHOUGH THE** battle hasn't quite joined in Wisconsin, the battle lines are taking these indelicate shapes. Until the party candidates are chosen by the primary votes, only the massive outlines of the clashing issues are visible. But make no mistake about it. Michigan is marching on Wisconsin. The invasion of small-town Wisconsin by the Demo-Laborites out of Detroit started a decade ago with the Soapy Williams ascendancy, and as an example of its meaning

there's the story of Circuit Judge F. H. Schlichting of Wisconsin. In October, 1954, Judge Schlichting pronounced a sentence of one to two years upon a convicted assailant, William Paul Vinson, a UAW-CIO striker whose assault had hospitalized his victim for twenty-one days. The fight grew out of a Labor dispute and the rights and wrongs could not have been all on one side.

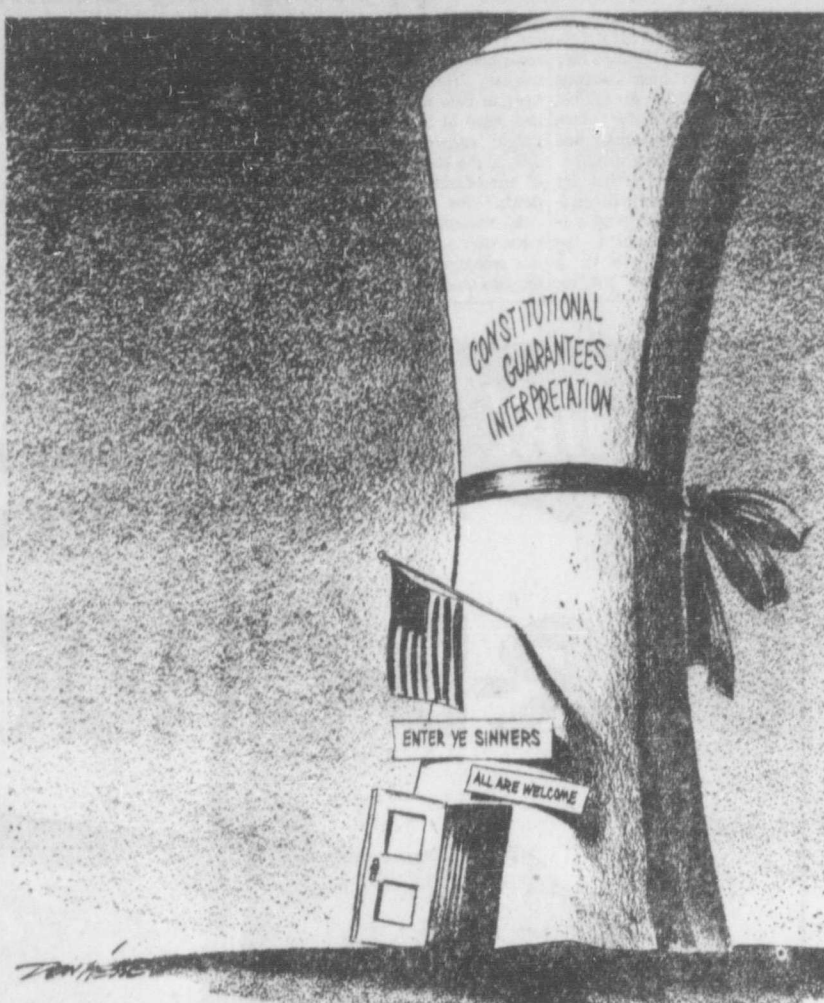

**BUT THE SEQUENCE** is what concerns us here. From across the state border in Detroit came Emil Mazey, UAW secretary-treasurer. Mazey denounced the sentence, although he hadn't been in court or at the scene of the assault. Mazey also assailed the character of the Judge.

Learning from the public records that Judge Schlichting was part owner of the Piggly-Wiggly grocery store in Sheboygan, Wisconsin, Mazey slapped a union boycott on this store and on a couple of others nearby where Judge Schlichting was also an investor.

**THE BOYCOTT** had the effect of withholding \$13,000 a week in UAW vouchers from these businesses. Finally, the Judge sold his holdings to save his partners further loss. But during the ruckus Union Leader Mazey was publicly censured by the local Bar Association, the Medical Society, the Town Council, a group of eight Roman Catholic priests and twelve Protestant pastors, county newspapers and civic groups. At no time did Mazey relent, recant or retreat.

You see what it means. The Demo-Laborite party set itself up as the enemy of the established order. In this not untypical case, it was Labor against Law, Church, Property, local government and local press—indeed, just about every community organization in the area. On Wisconsin!

## How Many Conversions at This Mission?

## THIS SIDE of The Sun By Phat

Tomorrow's the Fourth.  
Keep it safe and sane,  
When out on the highways,  
Stay in your own lane.

In the old days of Little Giants, torpedoes, etc., the Glorious Fourth was a day of Crash-Boom!

The Boom is now under control. But the holiday drivers still furnish the crash.

**ACTION IS BRISK** on the golf front. Counting on my fingers, there are now five courses in operation in the Palm Springs area, another is being built and the seventh is on the draughting boards.

Several committees are busy on launching plans for the eighth, the municipal course. We have more swimming pools, per capita, now than any other place, I believe. Soon we'll have more golf courses per capita.

**WELL, THAT'S GOOD** as it helps provide entertainment and recreation for our visitors—our biggest industry.

I'm in favor of Russ Wade's long look into the future for the muni course — 27 holes. That will provide room for all who want to swing a club, hopefully and prayerfully, and also provide variety.

Only thing is, if I keep counting golf courses on my fingers and they keep building more, I'm just going to have to take off my shoes.

**COUNTY PLANNERS** are getting lots of action in the Palm Springs area. Hearings are being held on several proposals in this resort area and protests against some are vigorous.

Without touching on the merits of any project, I believe that this vigilance is good, too. Palm Springs area is growing amazingly fast and proper planning right now is most important.

There are undoubtedly many old-timers here who wish that the advice of the late Nellie Colman, years and years ago, had been heeded.

**WHEN STREETS** were first being developed here and improved she urged a 100-foot right-of-way for Palm Canyon Drive.

Wouldn't that be great now? Of course, they had no idea when Palm Springs really started how fast it was going to grow. Otherwise, they might have provided for alleys.

Then we wouldn't have trucks double-parking while unloading supplies for local stores.

**BACK TO TRAFFIC**—I heard a good one the other day. Worlan was complaining to her husband about the harrowing time she had driving home from Los Angeles.

"Traffic was terrific," she said, "Everybody seemed to be on the move."

"I wouldn't have minded that so much but some reckless man insisted in driving so close in front of me!"

**AND NOW** to close on a lighter vein, the London Tid-Bits tells of a dear old lady who put "cheers" on her rocking chair so she could rock 'n' roll.

Then there is this by Virginia Greer, to which Mrs. G. called my attention: "What some women want most from their husband is the pattering of little feet about the house."

## INEZ ROBB:

### Crazy Mixed-Up Fashions

These are the days when my irascibility teams up with the mercury and my boiling point, always low, sinks even further. As if the heat and humidity weren't enough to fry men's souls, I have been further burned up this week by advertisements for the newest thing — the real dernier cri — in summer millinery for women, a huge picture hat of black velvet.

No wonder this-world is crazy and mixed up! By golly, things were better in "the good old days" when I was a child. In those halcyon days, a velvet hat spelled winter, and spelled it correctly, and a straw hat was strictly for summer and no nonsense.

If a lady in Caldwell, Idaho, in my salad days, had appeared in public in a velvet hat in June, July, or August, the poor thing would have been written off as either barmy or broke. People would have averted their eyes from the offending anachronism, so as not to embarrass its wearer, and would have quietly called in either a doctor or the county welfare agent.

In those far-off, sensible days, no intelligent female would have dreamed of wrapping up her noggin in hot, heavy velvet in the dog days. The dire result could only have been to addle the wits and braise the brains, if any.

In the good, old summertime of straw, preferably lacy. This permitted the circulation of air and helped to cool the fevered brow. Oh, the big Milan straws and the snows of yesteryear. Then you didn't have to have a hole in the head for ventilation.

But now straws are strictly for the winter. In fashionable New York circles, a woman who doesn't break out a new straw hat by December 15 is, sartorially, one with Tugboat Annie. Her husband is obviously a failure, and stores will do well to take a second look at the family credit rating.

Only an old-fashioned dame like myself would feel that a straw hat teamed up with a fur coat in a snowstorm is an advanced sign of schizophrenia. On the short-haul effect of such a union, I think the medical men might find it worthwhile.

**THEY BUSTED** loose with a birthday party for Col. Tom Parker, Elvis Presley's manager, at MGM, where Elvis just finished "Jailhouse Rock."

Following which Elvis will return to Paramount, where he made "Loving You." For another movie... I stopped at the Kunnel's table in the commissary to wish him a happy birthday. Said the Kunnel, apparently expecting a touch, "I'm leaving the studio at 5:30 tonight but if you wanna discuss any business with me I'll be here till 5." That's the Kunnel—all business.

Chill Wills sent an autographed \$1 bill over to the Kunnel's table, as a gag gift. The Kunnel erased Chill's signature, pocketed the buck and remarked, "I'll save it for a rainy day."

George Murphy stopped by with birthday greetings too. The Kunnel cracked: "So where's the present—it's not too late!"

**WHEREUPON MURPHY** picked up the tab for the party... Whereupon the Kunnel ordered a box of Corona cigars added to Murphy's bill!

Later, closing up his MGM office preparatory to moving to Paramount, the Kunnel told an aide: "Take the sign with my name off the door—we'll need it at Paramount." K. Witte a Karacter, the Kunnel.

**TV TOPICS** — Gale Storm is asking her doctors why she keeps shedding all that poundage...

**WHY CAN'T YOU** simply accept the role of 'father,' Ambrose? ... Why must you try to be a 'somebody' around here? ...

## EARL WILSON:

### Maybe a Hat in the Ring

NEW YORK — I ducked the Cafe Society thrushes and lishes — I wanted to hear Tom Dewey make a speech.

And at 12:07 o'clock in the morning he was still making it — on foreign aid — at the Waldorf. "My goodness, Tom's running for President again!" a woman said... but a Democrat muttered, "Now, Secretary of State first."

The cool, crisp, spectacular, white-dinner-jacketed ex-Guy, got United Cerebral Palsy's Humanitarian Award, he said that his Pawling neighbor and golf chum, Lowell Thomas, the toastmaster, was the greatest man of his profession in the world. Dewey's own half-hour past-midnight speech put nobody to sleep.

Then spoke up Lowell Thomas: "Tonight I heard a Democrat say 'It is a great calamity that our guest of honor is not in public office.' Those are my sentiments. My ambition is to help propel him back into public office." (APPLAUSE)

"Would you be willing..." I asked Dewey afterward. He gave me a stern look. "NO—NEVER—UNDER ANY CIRCUMSTANCES."

Still, I felt maybe I'd seen a slice of history — the birth of Dewey's third campaign. And a voice in the departing crowd was saying, "I'm sure glad I saved my old Dewey Buttons."

For ogling pinup pictures of Julie Newmar of "L'il Abner," Oscar Jay of Minneapolis got chided by his wife. He retorted: "Just because a fellow's on a diet doesn't mean he can't look at a menu!" ... Alfred Hitchcock, discouraged after all these years of dieting, told Polly Bergen: "There's only one way to get rid of excess weight — have it cut off!"

All-American football star Paul Hornung of Notre Dame — just offered a 20th-Century Fox screen test — will probably turn it down because the studio wants him to give up pro football with the Green Bay Packers. (He has a 3-yr. contract.) Besides, he loves football... Tommy Manville now has longer sideburns than Elvis Presley.

Jackie Gleason's gone mad over golf. "I played 36 holes this morning," he told a friend by phone from Fred Waring's Shawnee, Pa., club. "Haven't got a match for this afternoon yet."

**THE MIDNIGHT EARL**... Comedian Henny Youngman in

EARL'S PEARLS  
A small town's place where the news gets around before the newspaper does.

**WISH I'D SAID THAT:**  
"More homes have been wrecked by a wink than by a sledgehammer."

**TODAY'S BEST LAUGH:**  
Today's Bikini bathing suit, notes June Havoc, gives as much coverage as a lapsed insurance policy.

Roger Price figures he's properly prepared for his Las Vegas vacation this year — his money outweighs his luggage. That's earl, brother.

**MIKE CONNOLLY:**  
Don Murray Aids Refugees

**HOLLYWOOD**—Don Murray is putting out his own hard-earned dough to move 50 refugees from behind the Iron Curtain to 132 acres that he leased on the island of Sardinia, with hundreds more to follow.

Perky Patty McCormack could not get a British work permit, the actors' union over there is that strong, and accordingly conked out of that new British movie, "The Snorkel."

**BUSTY BEVERLY** Garland is testing for the role of Marjorie's girl friend in "Marjorie Morningstar"... Plus which Jane Powell is pushing for her pal Roddy McDowall to play "Wally," same picture. Aside from her palship, Jane twisted producer Milton Sperling's arm with this: "Let him play it—he SHOULD play it—besides, honey, he's RIGHT for it!"

Jose Ferrer sent a two-word cable to British actor Donald Wolfelt, just knighted by Queen Elizabeth. All it said was "Dear Sir."

**THEY BUSTED** loose with a birthday party for Col. Tom Parker, Elvis Presley's manager, at MGM, where Elvis just finished "Jailhouse Rock."

Following which Elvis will return to Paramount, where he made "Loving You." For another movie... I stopped at the Kunnel's table in the commissary to wish him a happy birthday. Said the Kunnel, apparently expecting a touch, "I'm leaving the studio at 5:30 tonight but if you wanna discuss any business with me I'll be here till 5." That's the Kunnel—all business.

Chill Wills sent an autographed \$1 bill over to the Kunnel's table, as a gag gift. The Kunnel erased Chill's signature, pocketed the buck and remarked, "I'll save it for a rainy day."

## Supervisors Add Half Million to Building Fund

An amount of \$500,000 was added by the County Board of Supervisors this week to the 1957-58 budget's building and land acquisition fund, bringing the total amount budgeted to \$1,200,000. The voters turned down a \$500,000 county buildings and land bond issue a few weeks ago.

Supervisors Curtis Chamberlain at first proposed adding \$700,000 to the building budget, but when told by Allen Ladd, assistant auditor, that such an amount would raise the tax rate about 15 cents, he did not press the issue, and when Supervisor George Berkeley made a motion to increase the fund by \$500,000, he seconded the motion.

BERKEY'S MOTION included a provision for reducing the \$300,000 budgeted in the county's unappropriated reserve fund to \$200,000 thereby making \$100,000 available for the building fund and making the net increase in the budget \$400,000.

Said Supervisor Fred McCall, who with Supervisor William Jones voted against the action, "I have no objection to leaving the \$100,000 in the unappropriated reserve fund where it could be drawn out for building if the actual need arises, but I object to having it in the general fund where the present board majority of three members can spend it as they please. If it is left in the unappropriated reserve fund it will take four votes to use it."

"I question the amount of space advocated as needed in building space this year," declared Jones. "I believe that the money appropriated and property purchased this year is sufficient to relieve the actual needs until the new sales tax can be collected and made available for additional building."

Supervisor Paul Anderson said the entire \$500,000 might not actually be used for building this year, but it should be in the building fund so that plans for its use in 1958 can get under way.

Chamberlain said that there are three county departments for which the county may be forced under mandate to provide additional space. "I'd hate to be forced to act by court order under mandate," he said.

When asked by McCall to name the three departments, Chamberlain did not reply.

## John Morgan Rejoins County Legal Staff

Employment of John B. Morgan as assistant public defender at a salary of \$403 per month was approved by the board of supervisors this week.

At the request of Public Defender E. Scott Dales and on recommendation by Personnel Officer Donald Spencer, Morgan's salary was set on the third step of the five-step range for the position instead of on the customary first step, because of his qualifications and availability.

Morgan started his law career in 1954 as a deputy district attorney in this county. In that capacity he opened, organized and managed the branch D.A.'s office in Palm Springs. He resigned in October of 1956 to assume private practice.

## Prudential Has \$29 Million in Realty Loans

Investment of \$28,906,225 in California real estate loans by the western home office of The Prudential Insurance Co. of America during the first five months of 1957, was announced yesterday by Ed Day, vice president in charge of western operations.

Of this total \$21,902,975 was for residential purposes, \$4,113,009 for commercial and industrial properties and \$2,890,250 for farm loans.

During the five month period a total of \$49,733,587 was disbursed for loans throughout the entire 11 western states and Hawaii. Of this \$35,327,082 was for residential loans, \$7,407,300 for commercial and industrial properties, and \$6,999,235 was for farm loans.

## Cooling System Changed at Indio

Items added to the 1957-58 county budget this week included \$999 for installation of a cooling tower to recirculate water in the new air conditioning system which is nearing completion at the county administration building in Indio.

## New Routing Of 29 Palms Road Requested

Extension of Indian Avenue from Pierson Boulevard where it now terminates at Desert Hot Springs, northerly through Little Morongo Canyon to the higher desert connecting with the Twentynine Palms Highway outside Joshua Tree National Monument, was urged by the Desert Hot Springs Improvement Association in a letter to the board of supervisors this week, and by the Coachella Valley Advisory Planning Committee in a telegram to Supervisor George Berkeley.

"The Twentynine Palms Highway through Big Morongo Canyon to Highway 99 is fast outgrowing its usefulness," declared James Compton, president of the Hot Springs Improvement group. "Its dips and curves are out of date and hazardous."

The supervisors referred the matter to the county road department for consideration and recommendation.

## For Horses

MILTON, Mass. — (UP) — A crosswalk of white lines has been painted diagonally on Route 24 in the Blue Hills near a sign that reads, "Horses Crossing." The walk is for the protection of riders using the bridge paths.

## Easterner Engaged to Hoover Son

Mr. and Mrs. Ernest L. Ward, Jr., of Williamstown, Mass., have announced the engagement of their daughter, Miss Priscilla Ward, to Howard Earl Hoover II, son of Mr. Hoover of Palm Springs and H. Earl Hoover of Glencoe, Illinois.

A graduate of the Emma Willard School, Miss Ward is a student at Skidmore College. Her father is executive vice president of Sprague Electric Company.

Her fiancé is a graduate of Webb preparatory school and Claremont Men's College and has received his commission as second lieutenant in the United States Army. His father, H. Earl Hoover is chairman of the board of Hoover vacuum company.

A late fall wedding is planned.

## 'Los Novios' Now Playing At Padua Hills

'Los Novios' is the hilarious new three act comedy to be presented at Padua Hills Theatre for six weeks. It opened June 26.

Featuring The Mexican Players, the play was written by Director Eligio Herrera, and will present Conchita Gallardo and Luis Abundiz in the principal roles.

Additional comedy will be provided by Vida Amador as the flirtatious cousin, Rogelio Alfaro as the itinerant peddler and Joel Gracian.

The opening of 'Los Novios' will also feature the famed Jamaica fiesta under the olive trees at Padua Hills each night following the play in which The Mexican Players will entertain with their delightful songs and dances.

'Los Novios,' which translated means the lovers, is presented in Spanish, and will highlight the 25th anniversary of Padua Institute.

A special fiesta for Alumni, Associates, and the Board of Trustees of Padua Institute will be held July 2 to commemorate the 25th anniversary and will feature performances by former Mexican Players as well as the present company.

'Los Novios' will be presented Wednesday through Saturday at 8:30 p. m. with matinees Wednesday and Saturday at 2:30. The Mexican Players also present their colorful songs and dances in the dining room daily except Mondays. Reservations may be made by calling Padua Hills Theatre at LYcoming 6-1288.

## Fruit in Diet Prevents Fatigue

In one well-fed country, one-fourth of the families short themselves on vitamin C simply because they don't eat the right foods, according to Mrs. Jane Meyer, nutritionist at South Dakota State College.

Mrs. Meyer said few persons in the United States ever reach the extreme of getting scurvy, a disease resulting from an acute lack of vitamin C, but there are many minor deficiency cases that usually are not recognized.

"If you don't have all the pep and energy you need, it may be a vitamin C lack," Mrs. Meyer pointed out.

The solution, she said, is easy. One medium sized orange will give all the vitamin C necessary for one day. The average size serving of broccoli will supply over half the requirement.

Mrs. Meyer stressed that vitamin C content is an everyday requirement—"we can't store vitamin C."

The small sticks with cotton on each end are a handy painting aid. Use them for touching up tiny spots you may have missed when painting, or for applying liquid scratch remover to furniture.

## Society

JUST ANNOUNCED is the betrothal of Priscilla Ward, daughter of Mr. and Mrs. Ernest L. Ward, Jr., of Williamstown, Massachusetts, to Howard Earl Hoover II, son of Mrs. Higgs Hoover of Palm Springs and H. Earl Hoover of Glencoe, Illinois. (Kanter Studio Photo.)

## Sales of Cook Books Are Booming--Every Variety

By GAY PAULEY  
United Press Staff Correspondent  
NEW YORK—Sales of cook books are booming, right along with sales of all those foods which need little or no cooking. Publishers happily reported today an undiminished "appetite" for every type of culinary guide—from such basics as the "Fannie Farmer Cookbook" to such specialized works as "Fabulous Foods for People You Love" and "Cooking With a Chinese Flavor."

AND YET, LAST year, we spent a record \$1,066,000,000 on frozen foods alone—a leader in the "less work for mother" field.

"They buy cookbooks to use, not just to read or for their collections," said Lois Cole, an editor at Putnam. "But a good cookbook is good reading too."

"Creative cooking always will be with us," said Clara Classen, cookbook editor at Doubleday. "Even with all the advance work the processors do, we women will improvise... will insist on developing our own specialties."

"AND WE'RE ALL just more food-conscious," she added. "Science has taught us so much more about food's role in our health and these days it is smart to be healthy."

Other publishers add other reasons why from 50 to 75 new cookbooks appear each year—and sell. "Women have more time and more money to spend on food," said a spokesman at Prentice-Hall. "They're using both to create luxury dishes, instead of spending hours baking bread."

"WOMEN BUY cookbooks for ideas," said John T. Lawrence, of Leftover rolls toasted with a topping of cheese go well with soups and salads.

## Tribal Official Honored for New Member

A shower was given for Mrs. Eileen Miguel by her mother-in-law, LaVerne Saubel, at the home of Priscilla Gonzales, 960 Paseo Carolita.

A Mexican dinner was prepared by Terry Lora of Banning. A lovely sheet cake adorned with stork and booties, together with the words "Welcome Baby," was served with coffee.

Mr. and Mrs. Miguel became the parents of a daughter, Sheila Bridget, born June 23 at Desert Hospital.

Those attending included Mrs. Gloria Gillette, Mrs. Marie Trujillo, Mrs. Alma Lopez, Mrs. Elizabeth Monk, Mrs. Shirley Welmas, Winnie Patencio, Priscilla Gonzales, Mrs. Frank Prieto, Mrs. Vickie Garcia, Trinidad Aquilera, Kathy Kitchen, Hazel Crichtow, Helen Starry, and Mrs. Miguel's daughter, Jeanie.

Beautifully wrapped gifts were presented to the baby and mother.

## Soup for Summer

Tasty menu for Sunday night supper: Onion soup, halves of tomatoes or slices of tomato aspic topped with chicken or seafood salad, hot french bread or rolls, and your favorite light dessert. You can use either homemade, canned or dehydrated onion soup. Add a few spoonfuls of California sherry for extra flavor and serve topped with croutons and grated parmesan cheese.

To remove hair oil stains from wallpaper, place a clean blotter over the spot. Then press a hot iron on the blotter. This usually will draw out the stains.

## Social and Club CALENDAR

(Clubs and organizations are invited to call in calendar dates to 5055, Summer schedule.)

Tuesday:  
Kiwanis, Chi Chi, noon.  
Wednesday:  
P. S. Optimists, Biltmore, noon.  
Rotary Club, Chi Chi, noon.  
Moose Lodge, Palm Springs Playhouse 8 p. m.  
Thursday:  
Lions' Club, Chi Chi, noon.

THE EDGAR SCHILLS were honored at a "Going-Away" party hosted by the Charles Valentinos. Pictured with the guests of honor, seated left, are Mrs. August G. Kettmann, seated right, and standing, left to right, Al Rose, Mrs. Carroll Davies, the Valentinos, Kettmann and Duaine Clark. (Desert Sun Photo.)

## Schills Honored at Party

Mr. and Mrs. Charles Valentino hosted a "Going-Away" party for Mr. and Mrs. Edgar Schill, the manager of Thunderbird Country Club at the Valentino home at 220 North El Segundo.

The Schills left Tuesday for Detroit, Mich., where they will spend the summer months. They were residents there prior to moving to the desert.

Among those in attendance were the Schills, Valentinos, Police Chief and Mrs. August G. Kettmann, and Messrs. and Mmes.

## Purchase House

Mr. and Mrs. Earnest Ball have purchased a house on Paseo El Mirador, but won't be occupying it much until next fall. They will be off on a motor trip this summer and will probably go stream fishing in Montana as they do each year.

In a period of five years, 1952-1957, Citizens National Bank has doubled its assets. During these years Riverside and San Bernardino Counties have been growing to major stature in the life of California. It is this growth that is reflected in the rise of the bank's resources from 100 million to 200 million dollars.

A doubling of assets in such a relatively short time represents, also, a great vote of confidence by Inland Southern California in its principal bank. We of the Citizens Family are deeply appreciative of the trust placed in us.

# TODAY'S SPORTS PARADE

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK — Johnny Parsons came home from Italy today, after running third in the United States sweep of the Monza 500-mile auto race, certain that the "crazy Americans" can drive with the best in the world.

"It's a matter of cars, not the men who sit in them," said the graying-haired California. "Give us one race over their roads and we could take our place with the Europeans."

EUROPEANS HAVE dominated the racing news of late with most of the talk being about such as Juan Manuel Fangio, Sterling Moss and others of the foreign daredevils. So with Johnny, the 1950 Indianapolis winner who ran third at Monza behind Jimmy Bryan and Troy Ruttman, it's a matter of national pride.

To understand this you have to go back to the day when Johnny Parsons was nine years old and his uncle ran a garage in Los Angeles where the early race dripped their cars. Then, one breathless afternoon, one of them gave young Johnny a ride.

"From that day on I never wanted to be anything but a race driver," he says.

WHICH IS WHAT he has been, and with great success, for the last 17 of his 39 years. Few men have driven in more races and he has taken his lumps, too, doing "the upside down" no less than nine times as well as spinning into the wall at Indianapolis.

"Sure, you get scared," he admits. "If you don't, you don't live long. Let's just say you have to love this business."

Johnny has driven nine times at Indianapolis. He was second in his first start in 1949, won in 1950 and since has been stalled by tough luck.

"IN 1932 I WAS running third when I stopped to change tires," he can grin now. "The car dropped off the jack and there I was, sitting in a real low race car. By the time I got running again I was 28th, and managed to finish 10th. I was running second in 1935 with a full tank and a new set of shoes and — bango, there went the magneto and \$63,000."

There was a time when, over a three-year period, Johnny raced midweeks seven nights a week, jumping from Anderson, Ind., to St. Louis, Rockford, Ill., Detroit, South Bend, Chicago and Indianapolis. The next week it started all over again. Through 1945 and 1946 each week he took a day off, making "only" six races weekly with a schedule which took him to Sacramento, Hollywood, San Diego, back to Hollywood, Bakersfield and Fresno.

## Bout Approved

NEW YORK — The New York State Athletic Commission has approved a bout between undefeated heavyweights Alex Miteff of Argentina and Fernando Fala of Philadelphia. The 10-round bout is scheduled for the St. Nicholas Arena, July 8.

### Rookie Von McDaniel Pays Cards Back With Interest

By MILTON RICHMAN  
United Press Sports Writer  
Rookie Von McDaniel, a \$50,000 investment by the St. Louis Cardinals, already has paid off with a more spectacular big league beginning than even Bob Feller.

When Feller broke in as an awkward 17-year-old with Cleveland back in 1936, he had a 5-3 record in his first season and a 3.34 earned run average. The 18-year-old McDaniel, paid a \$50,000 bonus upon his high school graduation five weeks ago, already has a 4-0 record with the Cards and a 1.50 earned run average that is helping them horn in on the National League lead again.

MCDANIEL RETIRED the first 18 Milwaukee batters in a row Tuesday night in posting a 4-2 victory that moved St. Louis within a game of first place. Accustomed to pitching only seven innings in high school, the Cardinal rookie yielded four hits and two runs in the seventh and was replaced by veteran Hoyt Wilhelm in the eighth when he gave up another hit.

Cincinnati took over first place from the Braves by defeating the Cubs, 8-6, in 10 innings, and the Dodgers blanked the Giants, 6-0, Pittsburgh and Philadelphia were not scheduled.

THE YANKEES maintained

their two-game lead in the American League race with an 11-inning 6-4 victory over the Orioles; the White Sox beat the Tigers, 4-2, and Boston moved into third place with a 2-1 decision over Washington. Cleveland and Kansas City were idle.

Doubles by George Crowe and Don Hoak coupled with three walks gave the Redlegs their two runs in the 10th that beat Chicago. Cincinnati hopped on starter Don Kaiser for five runs in the second inning with the help of a grand slam homer by Wally Post but homers by Lee Walls and Ernie Banks enabled Chicago to tie the score. Raul Sanchez was the winner.

Forty-year-old Sal Maglie, pitching his first complete game since the season opener, limited the Giants to four hits as the Dodgers put together three-run rallies in the third and sixth innings.

#### Cup Team Named

LONDON — Sheila Armstrong, Christine Truman, Shirley Bloomer, Ann Shilcock and Ann Haydon have been selected to represent Britain in the Wightman Cup matches against the United States at Pittsburgh, Pa., Aug. 10-11. Miss Truman, 16, is the youngest girl ever named to Britain's Cup team.

Mhoon-Mhoon 9 4  
Mexican Colony 8 4  
Laurye's 5 7  
M&M-Lehrfeld 5 9  
Telephone Co. 1 12

Score Tuesday  
Desert Hot Springs  
Mhoon-Mhoon 3-2

Games Tonight  
Mexican Colony vs. Telephone Co.  
Laurye's vs. Mhoon-Mhoon.

Bill Tichenor's crucial fifth inning single brought pitcher Neel Green in with the tie-breaking run last night, and gave the Desert Hot Springs Fireballs a two-game lead over Mhoon and Mhoon in Desert Softball League play.

The final score was 3 to 2, with the Fireballs taking the key game from Mhoon and Mhoon. Tichenor's hit came right after Green had tripled into right center field, after two were out.

The Fireballs had taken a 2 to 0 lead in the first, with the losers tying the score in the third. Skip Martin's triple had scored Keith Smith and Jim Jackson in the first, while Max Milton's single drove in the two tying runs.

Green gave up only two hits, while striking out 10. Paul Neilson took the loss with a five-hitter.

#### Heat Cancels Bout

MARSEILLE, France — The world bantamweight fight between champion Alfonso Halimi of France and Tanny Campo of the Philippines, scheduled for July 14, has been cancelled because of Europe's heat wave.

Golfing  
with  
ALEX MORRISON  
Teacher of Champions

Detroit's Gail Neuman saves strokes by daily practice with all clubs at a driving range. Putting can be done at home.

ALL GOLFERS can improve their scores by carefully considering the numerous ways of saving strokes.

One of the most important ways is in the planning of shots. The general tendency is to think of making a lower score mainly through executing miracle shots. Actually this is a big source of higher scores. When such plans miscarry the penalties seldom are limited to one or two strokes. It's a part of good planning to set goals in both distance and accuracy that are well within your regular ability, also to consider the extent to which you'll be penalized in case of a miss.

Good planning will make sure that your ordinary misses don't cost you extra strokes, but make your next shot a little more difficult. Such planning shouldn't put any player on the defensive to the extent of tightening up before swinging.

It's simply using good common sense.

## Elks Pony Nine Takes Second Win

Rallies to Score  
7-4 Victory  
Over Beaumont

Palm Springs Elks Pony League team won its second straight game last night, defeating Beaumont 7 to 4 in action at the Polo Grounds.

The Elks struck for three runs in the fourth on singles by Bob Beck and Clark Sloan to overcome a two-run deficit and take a 5 to 4 lead. They added single runs in the fifth and sixth innings.

Mike Helm was the winning hurler, hurling shut-out ball after relieving in the third.

## North Outhit, But Defeats South Nine 3-1

LOS ANGELES — Northern invaders were out-hit but managed to ease over the host Southern squad, 3-1, Tuesday night in the annual Pacific Coast League All-Star game at Wrigley Field.

The win broke the Southerners' firm hold on the rival series as they went into the game as traditional favorites, boasting seven victories in nine previous All-Star games.

Vancouver's Morrie Martin, the first of five Northern pitchers, hurled the first two innings and was credited with the victory. The North used four hurlers with starter Bennie Daniels, the Hollywood mound ace, getting slapped with the loss.

## Girls Softball Practice Set

The Girls Softball team will hold a practice session at 6:30 p.m., tonight, at the Polo Grounds. Regular practices are scheduled Monday, Wednesday and Friday evenings, with persons interested in playing on the team invited to come out.

#### Pigou-Smith Sign

HOLLYWOOD — French middleweight Marcel Pigou has signed to meet Charley Tombstone Smith, seventh ranking middleweight from Los Angeles, in a 10-round bout at Hollywood Legion Stadium, July 13. Pigou, undefeated in his last 20 starts, will be making his American debut.

BOB PROVIZZI should have taken a better look at the lip spinach sported by Germinal Ballarin, French middle, as he went down to defeat in their bout in New York Monday night. Ballarin won a unanimous decision. (International).

## Alston Selects Five Braves, Three Bums for NL Team

CINCINNATI — Walt Alston, shooting for his second straight All-Star victory, placed more faith today in the Milwaukee Braves than he did in his own Brooklyn Dodgers.

Alston picked five Milwaukee players for his National League All-Star team which meets the American League at St. Louis, July 9, while selecting only three players from his Brooklyn roster.

THE MILWAUKEE players Alston chose were pitchers Warren Spahn and Lew Burdette and infielders Eddie Mathews, Johnny Logan and Al (Red) Schoendienst. Outfielder Hank Aaron was on the starting team, so that gave the Braves six players on the squad.

From his own club, Alston named pitcher Clem Labine, first baseman Gil Hodges and outfielder Gino Cimoli.

Alston rounded out his "pitching staff" with left-handers Curt Simmons of the Phillies and Johnny Antonelli of the Giants, and right-handers Larry Jackson of the Cardinals and Jack Sanford of the Phillies.

WITH FIVE Cincinnati players in the starting lineup already on the strength of votes they polled from the fans, Alston named one

## Sports Arena Plans Approved

LOS ANGELES — The Los Angeles Coliseum Commission has accepted preliminary plans and estimates for a proposed \$5,740,570 sports arena.

The commission Tuesday stamped its approval on the plans submitted by architect Welton Becket. The plans call for the arena, which will be located in Exposition Park and near Memorial Coliseum to have a capacity of 30,000 persons for fights and about 16,000 for such events as hockey and basketball games.

## Elks Colt Nine to Play Here June 6

Doubleheader  
With Colton  
Bankers Set

Palm Springs Elks Colt baseball team will make its first league appearance here Saturday night when the Colton Bankers travel to the Village. Game time is 8 p.m. at the Polo Grounds.

The Colts and Colton also will meet in an exhibition tilt at 6:30 p.m.

The team is co-sponsored by the Elks and City Recreation Department, with Herb Rauch and John Mavinka as co-managers.

On Sunday, at the Polo Grounds, there will be an American Legion doubleheader between Indio and San Bernardino, with games at 6:30 and 8 p.m.

## Adolfo Luque, Ex-Major Ace Hurler, Dies at 66

HAVANA, Cuba, — Adolfo Luque, former major league pitcher, died here today at the age of 66. Death was attributed to a heart attack.

Luque spent 21 years in the National League, breaking in with the Boston Braves in 1914 and ending his active career with the New York Giants in 1935.

He appeared in two World Series, with the Cincinnati Reds in 1919 and with the Giants in 1933. He was the winning pitcher in the fifth and final game of the 1933 Series.

Luque spent 21 years in the National League, breaking in with the Boston Braves in 1914 and ending his active career with the New York Giants in 1935. He was the winning pitcher in the fifth and final game of the 1933 Series.

Luque spent 21 years in the National League, breaking in with the Boston Braves in 1914 and ending his active career with the New York Giants in 1935. He was the winning pitcher in the fifth and final game of the 1933 Series.

#### Andrade Wins Unanimous Nod

LAS VEGAS, Nev. — Cisco Andrade, 133½, Compton, registered a unanimous decision over Billy Evans, 131½, Pasadena, Tuesday night in a 10-round main event at Last Frontier Sportsdrome.

The bout served as a warmup for Andrade, who will meet Wallace Bud Smith July 18 in Los Angeles. Andrade had been idle since suffering an arm injury last year in losing to Art Aragon.

## School Bond Investments Return \$13,690

Sherman Whitnah, treasurer of Riverside County, reported today that the U. S. Treasury had paid the Palm Springs Unified School District \$13,690 for interest on investments in Federal securities.

Schools Supt. Wallace Muelder said that this money could be used to pay off outstanding bonded indebtedness of the schools, and Whitnah had put the money in a special fund for this purpose.

The securities purchased on Feb. 6 of this year paid 3 1/4 per cent.

The superintendent said that there still were \$300,000 in government securities and expected that during the 18-month period beginning last February that some \$20,000 for the school district would be made by a "wise use of district building funds." Again, he said, the money would be used to redeem bonds and pay interest on bonds still outstanding.

## Eldridge Named Group Chairman

Corona rancher Frank Eldridge was today named chairman of the County Board of Freeholders.

Other officers elected at the Freeholders organizational meeting were Burce Shangle, vice chairman, and Myra Linn, secretary.

TV viewers in Poland and East Germany beyond the Iron Curtain see United Press Movietone news film daily.

CHEERING KAROL HIMES on to second place in the Angeles were her grandparents, at right, and her boy friend, Francis Markley, of Palm Springs. (Sun Photo).

## Todd's Gaudy Party Almost Ends in Tragedy for Wife

LONDON (AP)—Mike Todd threw London's biggest party since the coronation Tuesday night to celebrate the British premiere of his film "Around the World." The gaudy \$50,000-plus blowout almost ended in tragedy for his pregnant wife, Elizabeth Taylor.

A guest inspired by too many glasses of champagne lurched forward in the celebrity pavilion of the huge amusement park Todd took over as part of the dallyhoo and fell against a table where Miss Taylor was sitting.

THE TABLE struck her heavily in the stomach and the dazzling brunette beauty screamed in pain and fear. The baby is expected in October.

Singer Eddie Fisher and his wife, Debbie Reynolds, rushed to the actress' side and summoned Todd.

Todd thrashed his way through the most extraordinary list of celebrities gathered here in years, took in the situation at a glance

## Marine Tells Robbery Story, Fear for Child

CAMP PENDLETON (AP)—Marine Capt. B. R. Hansberry, 40, beaten by two men who robbed him of \$63,000, claims his attackers told him they had his two-year-old daughter in their custody and would harm her if he didn't obey their orders.

Hansberry, disbursing officer of the 2nd Infantry Training Regiment and a veteran of 20 years service, said Tuesday the men led him to believe his daughter, Marjorie, was being held hostage while the robbery took place June 24.

He said he hesitated to call out several times for fear of what the men might do to the child.

A "dead glacier," one that thaw before it reaches the ocean, is as brittle as glass yet as pliant as tooth paste, says the National Geographic Society.

CHEERING KAROL HIMES on to second place in the Angeles were her grandparents, at right, and her boy friend, Francis Markley, of Palm Springs. (Sun Photo).

## Crews Repair Wreck Damage

SAN MIGUEL, Calif. (AP)—Repair crews built a temporary track today to bypass a section of the Southern Pacific main line torn up by a spectacular wreck between a freight train and a mobile crane.

Four men were hurt in the accident, which took place about 1 p.m., Tuesday, at a crossing in front of historic Mission San Miguel. The scene was slightly north of the halfway mark between San Francisco and Los Angeles.

THE CRASH touched off a fire that consumed the two locomotives and 200 yards of ties. It also burned into several gondola cars and part of a nearby cafe. Fourteen cars loaded with sugar beets were derailed. One of them hurtled into Roy's Truck Stop Cafe. The owner, who was sleeping in the rear of the building, narrowly escaped death as the flaming car crashed into his room.

IT WAS THE second train accident in California Tuesday. A transient riding the rods was killed when 14 cars of a 90-car Western Pacific freight train were derailed in Feather River canyon. The dead man was identified as Marcus Lee Rogers, 50, Stockton, Calif.

Injured in the SP wreck were George F. Cain, 51, Paso Robles, operator of the crane, in serious condition; Colson B. Stapp, 57, San Luis Obispo, an SP section hand, in fair condition with burns; and Paul C. Jones, operator of the restaurant, treated for shock.

The accident happened when a truck driven by Millard Sousa towed the crane across the tracks. The northbound train, with two locomotives and 54 cars, struck the crane with terrific force.

## Senate Passes \$34.5 Billion Defense Bill in Overtime

WASHINGTON (AP)—The Senate has passed a whopping \$34,534,229,000 defense money bill, the biggest measure of the session and a near record in peacetime funds for the armed forces.

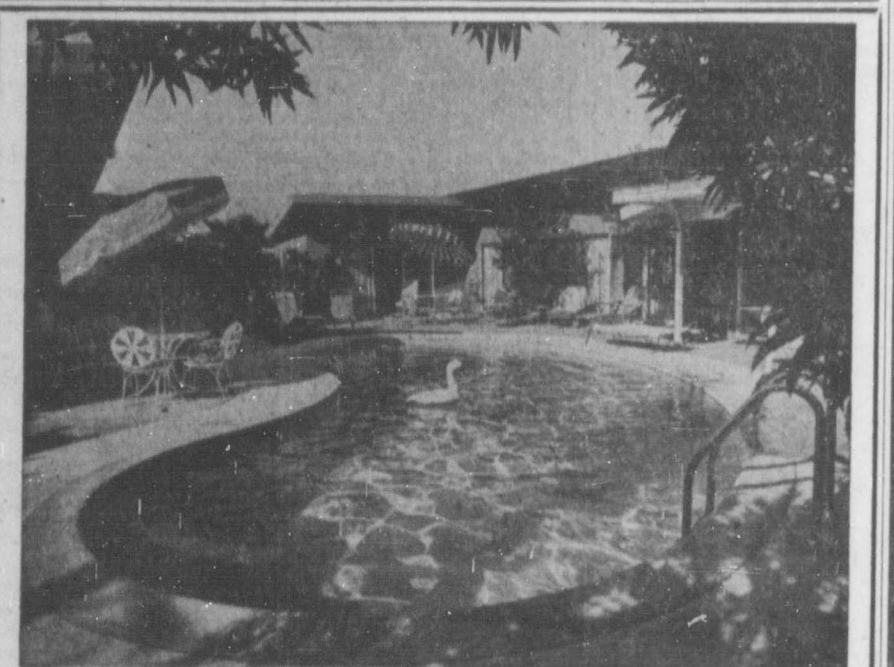

The measure passed unanimously at an overtime meeting Tuesday night, gave President Eisenhower a resounding budget victory. It would restore \$971,504,000 of the \$1,200,000,000 in House cuts which the President had labeled a threat to national security.

PASSAGE CAME after the Senate stayed off two drives to make deeper cuts in the measure. But senators did include a provision demanding that Defense Secretary Charles E. Wilson take all possible steps to save money by eliminating waste and duplication in military procurement and supply.

The House and Senate versions now go to a conference to thresh out differences in the two totals. Senators agreed in advance that their total would be trimmed somewhat in reaching a compromise with the House.

OTHER CONGRESSIONAL NEWS: Filibuster: The Senate cleared its legislative schedule for what looks like one of the biggest civil rights fights of the century. Republicans and liberal Democrats expressed optimism that they would be successful in their battle this time. The Senate plans to recess tonight over the Fourth of July holiday and then tackle the

## Democrats Promise All-Out Fight to Save Hells Canyon

WASHINGTON (AP)—Democratic supporters promised an "all out" fight today to save the federal Hells Canyon Dam bill which suffered a serious setback in a House subcommittee.

Proponents of the controversial measure said they had "no intention" of giving up despite apparently overwhelming odds against getting it through the full House Interior Committee.

THE IRRIGATION and Reclamation Subcommittee Tuesday voted 15 to 12 to strike the enacting clause from the House version being considered. In effect the action killed the bill.

But the Democrats said they intended to press for approval of the Senate bill which was passed 11 days ago when it comes before the Interior Committee.

Sen. Wayne Morse (D-Ore.) who led the successful Hells Canyon fight in the Senate, called the House subcommittee's action "very disappointing."

"BUT IT IS ONLY another round in the long fight and I am still confident we will win the final round," he said. "It is my hope that the full House committee will vote favorably on the Senate bill."

A spot check by the United Press indicated the Democrats' chances of getting enough votes to approve the Senate bill are slim.

Hells Canyon supporters need four more votes to go with the 12 they got in the subcommittee to approve the Senate version in the full committee.

OF THE FOUR possibilities only two were assured. They are Rep. Wayne Aspinall (D-Colo.), who is chairman of the subcommittee did not vote Tuesday; and Rep. Charles C. Diggs Jr. (D-Mich.) who is on the full committee but not the subcommittee.

The balance of power rests with Rep. Adam Clayton Powell, Jr. (D-N.Y.) and Rep. Edgar Chenoweth (R-Colo.).

Democrat backers of the bill said they had tried to get a proxy vote from Powell who is absent from Congress because of illness but that he refused.

One Democrat said Powell would not commit his vote because he is "mad at the party leadership." Chenoweth, who voted for Hells Canyon last year in an announced trade for support of his state's Frying Pan-Arkansas Project, said he voted against the bill Tuesday because "this matter has to be settled some time."

Chenoweth said he "contemplates nothing" that will change his mind to vote for it this year.

## Graham Gives Golden Rule for July 4 Driving

NEW YORK (AP)—Evangelist Billy Graham Tuesday night recommended a "Golden Rule of the Highways" to persons who plan to travel by car over the long July 4th weekend:

"Drive unto others as you would have them drive unto you."

Graham urged a capacity audience of 18,500 in Madison Square Garden to "be careful as death" on the highways over the holiday.

"A man gets upset or angry with his wife or children and stalks out and gets in his car," Graham said. "Often times, without knowing it, he drives like a madman to take out his anger on the car and the road."

"The tragedy is that a man in this state often crashes into another car or knocks down some pedestrian."

## We Will be Open Thursday, July 4th

# FOOD SPECIALS

<b>COFFEE</b> 89¢	<b>LIQUOR DEPT.</b> SARNOFF VODKA \$2.98 5th
<b>MAYONNAISE</b> 49¢	<b>BOURBON</b> \$4.15 5th
